Emotions Crystallised

Artwork by Karina S. Kornienko

PRECIOUS STONE AND NATURAL CRYSTAL ARTWORK

The Gallery is run by Karina, who is a pro Photographer and Filmmaker. Karina's love for all things creative has spun over two decades and culminated in creating a visual sensory experience with her Artwork.

INSPIRATION

Be it bold colours or a monochromatic composition, the desire to "sculpt" a painting and create a 3D form, is at heart of Karina's Art. Using finest raw and polished semi-precious natural stones like RoseQuartz, Opals, Jade, Citrine, Tyger Eye, Obsidian, Amethyst, Malachite and Black Tourmaline only to name a few, Karina carefully incorporates them into her designs and paints with resin, adding 24K Gold Leaf, Silver and Rose gold Accents.

EXCLUSIVE LUXURY

Working with Karina privately is a fantastic opportunity for clients to create a One off piece that will perfectly harmonise with the space and create a presence. Inspiration for that comes directly from clients' personality and style of the interior. Preliminary sketches will create a coveting anticipation for the finished piece.
